

Product data sheet

U-maker Box Raspberry Pi 5

Article number: 32-0109_C - PU 1

FLEXIBLE MOUNTING AND EXPANSION

Modular electronics housing that gives you freedom to tinker: interior space for additional circuit boards and electronics, exterior compatible mount for simple action cam accessories. Clean lines and robust materials convey stability and enable a wide range of applications. From prototypes on the table to mobile applications. Compact design ensures tidy electronics and easy integration.

Ursprungsland	Germany
